DETAILED ACTION

Election/Restriction

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-12, 18-31 and 39-52, drawn to interactive programming of television presentation by the viewer, classified in class 348, subclass 7.
 - II. Claims 13-17 and 32-38, drawn to transmission of the presentation, classified in class 348, subclass 6.
 - III. Claims 53-74 and 185-227, drawn to interactive programming of digital presentation by the viewer, classified in class 345, subclass 327.
 - IV. Claims 75-184, drawn to internet based communication, classified in class 709, subclass 204.
2. The inventions are distinct, each from the other because of the following reasons:

Inventions I -IV are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as interactive programming for a standalone TV that does not require a transmitted presentation; II has separate utility such as on demand digital programming; II has separate utility such as computer based content programming; IV has separate utility such as Web browsing using TV's. See MPEP § 806.05(d).

Art Unit: 2776

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.
4. Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Groups II, III and IV (and the same for Groups II, III and IV), restriction for examination purposes as indicated is proper.
5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).
